Current Treatment of COPD: A Guide for Clinician

Scientific Symposium 23 Aug 2016

Supported by:

You are cordially invited to join
the **Scientific Symposium**
on the 23rd August at the Island Shangri-La.

Jointly organized by the Hong Kong Thoracic Society and
CHEST Delegation Hong Kong and Macau,
the symposium is an opportunity for
respiratory physicians & trainees, pharmacists, respiratory nurses
and other health care professionals to know more about
current treatments for COPD, including the role of
ICS/LABA, recent advances in LAMA/LABA
and oral PDE4i therapy.

Speaking at the symposium will be **Professor Klaus Rabe**,
Professor of Pulmonary Medicine at the University of Kiel, Director
of the Department of Pneumology at Clinic Grosshansdorf, and
immediate Past President of the European Respiratory Society,

We look forward to seeing you there.

Date: 23rd August, 2016 (Tue)

Time: From 6pm onwards

Venue: Library and Atrium,
39th Floor, Island Shangri-La, Admiralty.

TOPIC: CURRENT TREATMENT OF COPD: A GUIDE FOR CLINICIAN AGENDA:
